

BALING WIRE LTD

SINCE 1984

About Us

At **Baling Wire LTD**, we're all about strong, reliable, and smart wire solutions. From galvanized and high-tensile wires to custom cut and quicklink ties, we've got the right fit for your needs.

Whether you're in recycling, packaging, or agriculture — we're here to help you bundle better, faster, and stronger.

Tried. Trusted. Tied by **Baling Wire LTD.**

"Wire That Works as Hard as You Do."

BALING WIRE LTD

SINCE 1984

Catalog

Galvanized Wire: Designed for durability and resistance, perfect for use in outdoor environments or heavy-duty applications

High-Tensile Steel Wire:
Ensures superior strength, providing reliable support for even the most demanding baling tasks.

BALING WIRE LTD
SINCE 1984

Cut-to-Length Wire:

Customizable solutions tailored to meet specific client requirements and dimensions.

Black Annealed Wire: Ideal for compacting and baling recyclable materials such as paper, plastic, and scrap metals.

BALING WIRE LTD

SINCE 1984

Single Loop Wire: Ideal for compacting and baling recyclable materials with low pressure.

Our wires are renowned for their strength, reliability, and environmental compatibility, making them a preferred choice for industries focused on recycling, packaging, agriculture, and more.

Quicklink Ties: Simplifying Securing Tasks

At Baling Wire LTD, we offer top-quality Quicklink Ties designed to provide fast and reliable solutions for securing a wide range of materials. These ties are crafted for ease of use, durability, and versatility, making them ideal for industries such as construction, recycling, packaging, and agriculture.

BALING WIRE LTD

SINCE 1984

Globally Connected

At Baling Wire LTD, our reach goes beyond borders. With a strong presence across the Nordic countries — including Norway, Denmark, Sweden, Estonia, Finland, and Poland — we proudly supply high-quality baling wire solutions to customers worldwide.

From West Africa to North Africa, including Mali, Togo, Benin, Burkina Faso, Cameroon, Sudan, Chad, Ivory Coast, Tanzania, Senegal, Morocco, Algeria, Egypt, Tunisia, Zambia, and Zimbabwe — our wires hold strong under any condition.

We also serve key markets in South America (Brazil, Argentina), Europe (Greece, Bulgaria, Germany, UK, Netherlands, Belgium), and North America (USA, Canada).

Wherever durability and reliability matter — we're there.

BALING WIRE LTD
